m	3.5	4.2	5	6.5	8	9.5	11.4
s	7	9	10	14	17	19	22

While most weld nuts conform to DIN standards many different automotive companies have their own styles and tolerances.

The bulk of our stock is to Rover standard but we can provide weld nuts to almost any defined standard.

Please ensure you state the standard you require when enquiring.
