Processor Graphics

Processor Graphics [‡]	Intel® HD Graphics 4000
Graphics Base Frequency [?]	350 MHz
Graphics Max Dynamic Frequency [?]	1.00 GHz
Graphics Output [?]	eDP/DP/HDMI/SDVO/CRT
Intel® Quick Sync Video [?]	Yes
Intel® InTru™ 3D Technology [?]	Yes
Intel® Flexible Display Interface (Intel® FDI) [?]	Yes
Intel® Clear Video HD Technology [?]	Yes
Intel® Clear Video Technology [?]	No
# of Displays Supported [‡]	3

Expansion Options

PCI Express Revision [?]	3.0
PCI Express Configurations [‡]	1x16 2x8 1x8 2x4
Max # of PCI Express Lanes [?]	16

Package Specifications

Sockets Supported [?]	FCBGA1023
T _{JUNCTION} [?]	105°C
Package Size	31mm x 24mm

Advanced Technologies

Intel® Turbo Boost Technology [‡]	2.0
Intel® vPro™ Platform Eligibility [‡]	Yes
Intel® Hyper-Threading Technology [‡]	Yes
Intel® Virtualization Technology (VT-x) [‡]	Yes
Intel® Virtualization Technology for Directed I/O (VT-d) [‡]	Yes
Intel® VT-x with Extended Page Tables (EPT) [‡]	Yes
Intel® 64 [‡]	Yes
Instruction Set [?]	64-bit
Instruction Set Extensions [?]	Intel® AVX
Intel® My WiFi Technology [?]	Yes
4G WiMAX Wireless Technology [?]	No
Idle States [?]	Yes
Enhanced Intel SpeedStep® Technology [?]	Yes
Intel® Demand Based Switching [?]	No
Thermal Monitoring Technologies [?]	Yes
Intel® Fast Memory Access [?]	Yes
Intel® Flex Memory Access [?]	Yes
Intel® Identity Protection Technology [‡]	Yes

Security & Reliability

Intel® AES New Instructions	?	Yes
Intel® Trusted Execution Technology	?	Yes
Execute Disable Bit	?	Yes
Anti-Theft Technology	?	No

All information provided is subject to change at any time, without notice. Intel may make changes to manufacturing life cycle, specifications, and product descriptions at any time, without notice. The information herein is provided "as-is" and Intel does not make any representations or warranties whatsoever regarding accuracy of the information, nor on the product features, availability, functionality, or compatibility of the products listed. Please contact system vendor for more information on specific products or systems.

Intel classifications are for informational purposes only and consist of Export Control Classification Numbers (ECCN) and Harmonized Tariff Schedule (HTS) numbers. Any use made of Intel classifications are without recourse to Intel and shall not be construed as a representation or warranty regarding the proper ECCN or HTS. Your company as an importer and/or exporter is responsible for determining the correct classification of your transaction.

Refer to Datasheet for formal definitions of product properties and features.

"Announced" SKUs are not yet available. Please refer to the Launch Date for market availability.

Some products can support AES New Instructions with a Processor Configuration update, in particular, i7-2630QM/i7-2635QM, i7-2670QM/i7-2675QM, i5-2430M/i5-2435M, i5-2410M/i5-2415M. Please contact OEM for the BIOS that includes the latest Processor configuration update.

‡ This feature may not be available on all computing systems. Please check with the system vendor to determine if your system delivers this feature, or reference the system specifications (motherboard, processor, chipset, power supply, HDD, graphics controller, memory, BIOS, drivers, virtual machine monitor-VMM, platform software, and/or operating system) for feature compatibility. Functionality, performance, and other benefits of this feature may vary depending on system configuration.

See <http://www.intel.com/content/www/us/en/architecture-and-technology/hyper-threading/ht-technology.html?wapkw=hyper+threading> for more information including details on which processors support Intel® HT Technology.

Max Turbo Frequency refers to the maximum single-core processor frequency that can be achieved with Intel® Turbo Boost Technology. See www.intel.com/technology/turbo-boost/ for more information.

The Recommended Customer Price ("RCP") is pricing guidance for Intel products. Prices are for direct Intel customers, typically represent 1,000-unit purchase quantities, and are subject to change without notice. Taxes and shipping, etc. not included. Prices may vary for other package types and shipment quantities, and special promotional arrangements may apply. If sold in bulk, price represents individual unit. Listing of these RCP does not constitute a formal pricing offer from Intel. Please work with your appropriate Intel representative to obtain a formal price quotation.

System and Maximum TDP is based on worst case scenarios. Actual TDP may be lower if not all I/Os for chipsets are used.

For benchmarking data see <http://www.intel.com/performance>.

Intel processor numbers are not a measure of performance. Processor numbers differentiate features within each processor family, not across different processor families. See <http://www.intel.com/content/www/us/en/processors/processor-numbers.html> for details.

Processors that support 64-bit computing on Intel® architecture require an Intel 64 architecture-enabled BIOS.
