

B

Diagram illustrating the dimensions and components of a cable joint:

- S2**: Dimension indicating the distance from the left end of the joint to the start of the main body.
- L**: Dimension indicating the length of the main body of the joint.
- P**: Dimension indicating the length of the tapered section of the joint.
- S1**: Dimension indicating the distance from the right end of the joint to the start of the main body.
- ID-1**: Dimension indicating the internal diameter of the joint.
- MAX. WIRE INSUL. DIA.**: Dimension indicating the maximum wire insulation diameter.
